Are you baffled or fed up that, despite your qualifications and experience, your peers/colleagues get all the promotions and perks; or that your business competitors drew away your customers? Do you find it difficult to save, despite annual increments? As business owners, do you wish for more referrals from customers and free publicity of your products/services? If the answer is yes to one or more, then come to this workshop and learn how to:

Outline:

1. Boost your visibility to your bosses/clients/customers
2. Build wealth (without relying on illegal means)
3. Minimize the pains of minor ailments
4. Incorporate the 'X' factor in your signature

(Note: This workshop does not deal with graphology, handwriting analysis or feng shui)

Stephanie Lim has been in the life insurance industry for 17 years. Having observed thousands of clients' signatures, she discovered some surprising secrets of their signatures that distinguishes the high net worth clients from those struggling to make ends meet. She had helped many to modify/change their signatures, resulting in career advancement, business expansion, improved financial status and even health. She is currently a Member of SIM 1 Toastmasters club which meets every 2nd and 4th Friday at the School of Social Science and Economics, SMU.
